## Transmission Lifter Passenger Vehicle

Product Code: 2059T

This TradeQuip "Made for the Trade" 2-Stage hydraulic Telescopic Transmission Lifter offers a wide range of versatility designed to help increase workshop productivity. Rated to safely work with Transmissions from vehicles with a GVM of less than 2,000kgs, the universal mounting head provides a wide fore and aft tilt range. The foot operated manual hydraulic system has a smooth hydraulic lift and descent. The foot operated pump with a foot release valve lever provides a steady and mechanically controlled safe descending speed.

### Features

- Designed for lifting & lowering passenger car transmissions
- Durable steel frame
- Adjustable lifting platform for quick adjustment for most pan configurations
- Load control chains hold transmission in place
- 4 swivel castors provide stability and easy manoeuvrability

### Specifications

- Safe working capacity: RWD/FWD GVM <2,000KG
- Rated capacity: 500kg
- Maximum Height: 1768mm
- Minimum Height: 820mm
- Lifting Platform: 250 x 362mm
- Forward Tilt: 9°
- Rearward Tilt: 17°
- Nett Weight: 52kg
- Carton: 490 x 310 x 770mm
- Gross Weight: 59kg

**MADE FOR THE TRADE**

### About the brand

Our flagship brand of garage and workshop equipment, TradeQuip is designed for use in a demanding garage and workshop environment by trade users. With proven and trusted "Made for the Trade" reliability, TradeQuip branded products offer the very best in performance for an affordable price. The TradeQuip range is covered by a 12 month trade use warranty.

## Transmission Lifter Passenger Vehicle

**Product Code: 2052**

*This 500kg capacity "Made for the Trade" TradeQuip hydraulic Telescopic Transmission Lifter has a 4 way tilt transmission lifting platform with adjustable load support arms to fit most passenger vehicle transmission pan flanges. The foot-operated quick lift pump frees up operator's hands when positioning for lift and the hand operated lower lever provides safety with its extra slow lower control.*

### Features

- Designed for lifting & lowering passenger car transmissions
- 2 Stage hydraulic ram
- Rugged steel wheels and full swivel ball bearing castors for easy movement
- Wide base for stability and balance
- Adjustable lifting platform for quick adjustment for most pan configurations
- 4way tilt lifting platform
- High polished chrome-plated rams provides smooth operation
- Unique hand release lever provides extra slow control safety when lowering
- Foot operated fast action pump & release valve
- Safety designed lifting platform with corner brackets
- Includes safety chains

### Specifications

- Safe working capacity: RWD/FWD/AWD GVM <2,500KG
- Rated Capacity: 500kg
- Minimum Height: 855mm
- Maximum Height: 1760mm
- Lifting Platform: 360x276mm
- Forward Tilt: 23°
- Backward Tilt: 16°
- Lateral Tilt: 7°
- Base Dimensions: 690 x 780mm
- Nett Weight: 61kg
- Carton: 550 x 270 x 780mm
- Gross Weight: 68kg

### About the brand

*Our Flagship brand of garage and workshop equipment, TradeQuip is designed for use in a demanding garage and workshop environment by trade users. With proven and trusted "Made for the Trade" reliability, TradeQuip branded products offer the very best in performance for an affordable price. The TradeQuip range is covered by a 12 month trade use warranty.*

## Transmission Lifter Passenger Vehicles

Product Code: 2022T

This TradeQuip "Made for the Trade" 500kg Transmission Lifter is designed for passenger car transmissions. Features a universal mounting cradle that provides a 2 way tilt range and a manually operated hydraulic system with smooth hydraulic lift and descent. The hydraulic system also includes a bypass system to prevent over extension and accidental overloading. The sturdy and stable design offers safety and security when removing and installing large and heavy transmissions.

### Features

- Designed for passenger car transmissions
- Base frame constructed of high-grade steel
- 2-Stage hydraulic lift
- High quality large diameter hydraulic cylinder
- Universal 2 way tilt cradle with safety chains
- Lead-free paint finish for a long-lasting finish
- Paint finish is oil, grease and dirt-resistant for easy cleanup
- Heavy-duty steel swivel castors

### Specifications

- Safe Working Capacity: RWD/FWD/AWD GVM <2,300KG
- Rated Capacity: 500kg
- Working Height: 895mm - 1875mm
- Lifting Platform Size: 340mm x 240mm
- Lifting Platform Bracket Ranges ID: 420mm x 250mm to 420mm x 435mm
- Tilt Angle: Left 7°
- Tilt Angle: Right 15°
- Weight: 73kg

**MADE FOR THE TRADE**

### About the brand

Our flagship brand of garage and workshop equipment, TradeQuip is designed for use in a demanding garage and workshop environment by trade users. With proven and trusted "Made for the Trade" reliability, TradeQuip branded products offer the very best in performance for an affordable price. The TradeQuip range is covered by a 12 month trade use warranty.

## Transmission Lifter 4x4/SUV/Light Commercial

Product Code: 2063T

The TradeQuip "Made for the Trade" 1,000kg Transmission Lifter is designed for passenger car, 4WD & Light commercial transmission installation and removal. It features a universal mounting cradle that provides a 4 way tilt range and a manually operated hydraulic system with smooth hydraulic lift and descent. The hydraulic system also includes a bypass system to prevent over extension and accidental overloading. The sturdy and stable design offers safety and security when removing and installing large and heavy transmissions. This 2-stage telescopic transmission lifter offers a wide range of versatility that will help increase workshop productivity.

Designed to accommodate both large and small transmissions, this handy piece of equipment is ideal for use with 4WD and light truck transmissions. The wide base is enhanced by the additional strut arms and heavy-duty steel swivel castors for easy maneuvering throughout the workshop under load.

### Features

- Designed for Passenger Car, 4WD & Light Commercial Transmissions
- Base frame constructed of high-grade steel
- 2-Stage hydraulic lift
- High quality large diameter hydraulic cylinder
- Universal 4 way tilt cradle with safety chains
- Lead-free paint finish for a long-lasting finish
- Paint finish is oil, grease and dirt-resistant for easy cleanup
- Heavy-duty steel swivel castors

### Specifications

- Safe working capacity: RWD/FWD/AWD/4X4 GVM <3,200KG
- Rated capacity: 1000kg
- Working Height: 940-1920mm
- Lifting Platform Size: 280 x 280mm
- Lifting Platform Bracket Ranges ID: 250 x 250mm to 410 x 410mm
- Forward Tilt: 15°
- Rearward Tilt: 10°
- Side Tilt: 9°
- Side Tilt: 11°
- Gross Weight: 82.5kg

### About the brand

Our Flagship brand of garage and workshop equipment, TradeQuip is designed for use in a demanding garage and workshop environment by trade users. With proven and trusted "Made for the Trade" reliability, TradeQuip branded products offer the very best in performance for an affordable price. The TradeQuip range is covered by a 12 month trade use warranty.

## Transmission Lifter Passenger Vehicles

Product Code: PROTL500

This TQ Pro "Latest Applied Technologies" 2-Stage Hydraulic Telescopic Transmission Lifter offers a wide range of versatility designed to help increase workshop productivity. Designed for lifting passenger car transmissions, the universal mounting cradle provides a wide four way tilt range and the wide base is enhanced by four premium nylon swivel castors for safer maneuvering around the workshop. The convenient rapid lift without load and slow descent with load is controlled via the foot operated pump and release valve to keep the mechanics hands free during use. The height and cradle adjustability of this telescopic Transmission Lifter makes it great for any transmission installation or removal. CNC technology, ensures the chassis and frame constructed of superior-grade steel is manufactured to exacting standards that meet TQ Pro expectations for professional quality and durability.

### Features

- Using CNC technology, the chassis and frame is constructed of superior-grade steel and built to exacting standards for professional quality and durability
- High quality large diameter hydraulic steel cylinder with precision tolerances and in-ram bleeding and lubricating mechanism
- Piston-ram is treated and polished to minimise wear and extend service life
- Premium quality (doubled) O rings with anti-dust ring, reduce wear and substantially increase durability
- Concealed double staged pump core
- Rapid lift without load
- Slow descent with load
- Overload safety valve
- Lead-free paint finish is applied after a thorough chemical wash to ensure a long-lasting and durable finish
- Paint is oil, grease and dirt-resistant for easy cleanup
- Oversize mounting cradle provides a broad 4 way adjustment / tilt range
- Premium nylon swivel castors

### Specifications

- Safe working capacity: RWD/FWD/AWD GVM <2,500KG
- Rated capacity: 500kg
- Maximum Height: 1940 mm
- Minimum Height: 940mm
- 2 Stage Lift Ram travel: 1st=490mm 2nd=510mm
- Cradle Size: 280x280mm (480x480mm Max.)
- Forward Tilt: 9°
- Rearward Tilt: 28°
- Left Tilt: 9°
- Right Tilt: 28°
- Base Dimensions: 610 x 740mm
- Nett Weight: 65kg
- Carton: 840 x 530 x 280mm
- Gross Weight: 79kg

## Transmission Lifter 4x4/SUV/Light Commercial

Product Code: PROTL1000

This TQ Pro "Latest Applied Technologies" 2-Stage 1,000kg Hydraulic Telescopic Transmission Lifter offers a wide range of versatility designed to help increase workshop productivity. For use with car 4WD and light truck transmissions. It features a universal "oversized" mounting cradle that provides a wide 4 way tilt range. The telescopic 2-stage design is ideal for reduced clearance lifts and the high speed foot pedal operation keeps hands free during lowering. The manually operated hydraulic system includes a bypass system to prevent over extension and accidental overloading. The sturdy and stable design features four premium quality 'braked' nylon swivel castors for easy maneuverability around the workshop.

### Features

- Using CNC technology, the chassis and frame is constructed of superior-grade steel and built to premium standards for professional quality and durability
- High quality large diameter hydraulic steel cylinder with precision tolerances and in-ram bleeding and lubricating mechanism
- Piston-ram is precision machined, treated and polished to minimise wear and extend service life
- Globally sourced premium (twin) O rings with anti-dust ring, reduce wear and substantially increase durability
- Concealed double staged pump core
- Rapid lift without load
- Slow descent with load
- Overload safety valve
- Aviation grade hydraulic fluid
- Lead-free paint finish is applied after a thorough chemical wash to ensure a long-lasting and durable finish
- Paint is oil, grease and dirt-resistant for easy cleanup
- Oversize mounting cradle provides a broad 4 way adjustment / tilt range
- Premium quality lockable nylon swivel castors

### Specifications

- Safe working capacity: RWD/FWD/AWD/4X4 GVM <3,500KG
- Rated capacity: 1,000kg
- Maximum Height: 1940 mm
- Minimum Height: 940mm
- 2 Stage Lift Ram travel: 1st=490mm 2nd=510mm
- Cradle Size: 280x280mm (480x480mm Max.)
- Forward Tilt: 9°
- Rearward Tilt: 28°
- Left Tilt: 9°
- Right Tilt: 28°
- Base Dimensions: 610 x 740mm
- Nett Weight: 76.5kg
- Carton: 850 x 550 x 350mm
- Gross Weight: 88kg

## Transmission Lifter 4x4/SUV/Light Commercial

**Product Code: 2057T**

This professional TradeQuip "Made for the Trade" 1,000kg Hydraulic Low Profile Transmission Jack is perfect for transmission installation and removal under ramps. Features include smooth, manually operated hydraulic lifting and lowering and a 360° rotating handle for better load positioning. The universal lifting platform provides a wide forward, backward tilt range and side to side lateral adjustment.

This transmission jack makes transmission removal and replacement easy and safe. Featuring durable rear swivel castors for mobility, this tough transmission jack is also formed and welded with extra strong steel plates for ultimate durability.

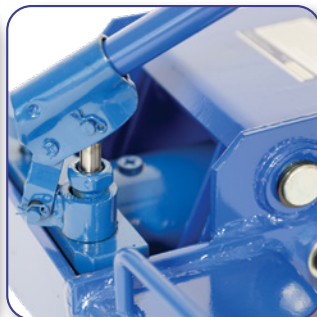

### Features

- The adjustable lifting platform can be tilted forward, backward for alignment of transmission bolt patterns and pins
- Lateral lifting platform adjustment improves efficiency
- Hydraulic system is protected from overload damage
- Safety load-restraining chain is vital for raising and lowering safety
- Four (4) swivel castors allow easy movement and positioning of transmission jack
- Rugged heavy duty steel wheels with full swivel ball bearing castors
- User-friendly 360° rotating pumping handle for maximum multi-directional operation

### Specifications

- Safe working capacity: RWD/FWD/AWD/4X4 GVM <3,500KG
- Rated capacity: 1,000kg
- Maximum Height: 725mm
- Minimum Height: 205mm
- Cradle Size: 340x200mm
- Cradle Tilt Forward: 70°
- Cradle Tilt Back: 15°
- Cradle Lateral Adjustment: 90mm
- Chassis: 850L x 490W x 305Hmm
- Nett Weight: 54kg
- Carton 910 x 520 x 260mm
- Gross Weight: 59.5kg

**MADE FOR THE TRADE**

### About the brand

Our Flagship brand of garage and workshop equipment, TradeQuip is designed for use in a demanding garage and workshop environment by trade users. With proven and trusted "Made for the Trade" reliability, TradeQuip branded products offer the very best in performance for an affordable price. The TradeQuip range is covered by a 12 month trade use warranty.

## Transmission Lifter Commercial

**Product Code: BHDTJ2**

*This Borum Industrial 2,000kg Hydraulic Truck Transmission Jack is perfect for earthmoving equipment and truck transmission installation and removal. Features a fully adjustable wide tilt lifting platform, smooth, manually operated hydraulic lifting and lowering and a 360° rotating handle for better load positioning.*

*This Super Heavy Duty Borum Brute of a Transmission Jack is specifically built to handle removal, transport and installation of transmissions, transfer cases or differentials on heavy duty trucks, buses, agricultural and construction equipment. It is fully adjustable lifting platform with wide adjustment and maximum tilt for easier alignment fitted with safety chains, this monster can handle all big transmission lifts. The handle is a long 850mm and conveniently pivots 360° around pump and the rugged industrial grade 100mm castors provide easy manoeuvrability. A safety overload bypass system prevents hydraulic damage and handy side trays provide convenient storage for small tools and parts.*

### Features

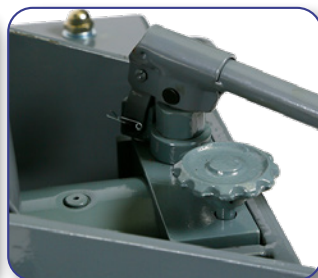

- Designed for lifting & lowering heavy vehicle transmissions
- Frame is constructed of industrial-grade steel and built to exacting standards for quality and durability
- The adjustable lifting platform can be tilted forward, backward and side to side for optimum alignment of transmission bolt patterns and pins
- High quality large diameter hydraulic steel cylinder unit results in lower oil pressure needed to lift load
- Industrial strength hydraulic system is protected from overload damage
- Filled with industrial grade hydraulic fluid
- Rugged heavy industrial steel wheels and full swivel ball bearing castors
- User-friendly 360° rotating pumping handle for maximum multi-directional operation
- Lead-free paint finish is applied after a thorough chemical wash to ensure a long-lasting finish and to help prevent rust
- Paint is oil, grease and dirt-resistant for easy cleanup
- Universal mounting lifting platform provides a wide fore and aft tilt range
- Includes heavy safety chain load-restraint for raising and lowering safety

### Specifications

- Safe Working Capacity: 2,000kg
- 2 Way Tilt: 30° Fore - 30° Aft
- Minimum Height: 210mm
- Maximum Height: 900mm
- Minimum Cradle Dimension: 385 x 470mm
- Maximum Cradle Dimension: 570 x 470mm
- Swivel Castor Wheel Dia: 100mm
- Handle Length: 850mm
- Chassis Dimensions: 1160 x 685mm
- Nett Weight: 130kg
- Carton: 1220 x 720 x 300
- Gross Weight: 140kg

### About the Borum brand

Our "heavy duty commercial" range of Borum Industrial equipment has been manufactured to exacting standards for the past 39 years. We specify industrial quality components and design to ensure a long and durable working life in commercial transport, mining, earthmoving and railway environments. Our Borum Industrial range of equipment is focused on achieving superior professional standards, reliability, quality, and are covered by a 12 month trade use warranty.

TQB Brands Pty Ltd

TQB Brands has grown to become one of the most respected garage equipment suppliers in Australia and markets the recognised leading brands TradeQuip, TQ Pro, Borum and Red Label Nationally through 1000+ distributors. We offer an extensive range of products including Garage & Workshop, Industrial, Agricultural and Vehicle Service Equipment. We continually strive to introduce new and innovative garage and workshop tools and equipment for the professional, which comply with mandatory Australian Standards. TQB Brands aims to achieve great value for money whilst not compromising on quality. TQB Brands prides itself on offering fit for purpose product through our tiered brand offerings.

Our **Flagship** brand of garage and workshop equipment, **TradeQuip** is designed for use in a demanding **garage and workshop** environment by trade users. With proven and trusted **"Made for the Trade"** reliability, **TradeQuip** branded products offer the very best in performance for an affordable price. The **TradeQuip** range is covered by a **12 month trade use warranty**.
